TL FIRST INTEGRATED MANAGEMENT GROUP

Delivering tomorrow today™

working with

ABOUT TL FIRST INTEGRATED MANAGEMENT GROUP

TRANSFORMING ORGANISATIONS AND PEOPLE

TL First is an international firm of chartered accountants, improvement advisers, leadership trainers, and organisational transformation consultants. With our head office in the UK, we have offices in Nigeria, USA, Ghana and United Arab Emirates (UAE). Our advisers, consultants and programme facilitators are proven leaders of reform that have delivered major programmes across the world. Most of them are now retained as policy makers and advisers to multinational companies and government.

SUPPORTING LEADERS OF TODAY AS BUILDERS OF TOMORROW

We focus on supporting leaders of today as builders of tomorrow by providing effective strategy and solutions in areas of finance, human resources, information technology, change management, growth, management transformation and leadership development.

INTEGRATING SOLUTIONS

We combine our accountancy, assurance and performance management solutions with effective organisational development and programme management strategies, further supported by our unique pioneering approach to leadership and management development, to give you all round added value.

VISA APPLICATION SUPPORT

Our protocol team in Lagos, London and Chicago can assist you with the process of applying for travel visas. We also partner with specialised agencies to provide logistics management and liaison with UK and USA consulates.

TRAVEL AND HOTEL ARRANGEMENTS

We avoid personal discomfort and logistics nightmare by arranging business class travel and hotel accommodation for delegates, if instructed. For those who prefer a home away from home, we can arrange private executive accommodation that comes with a luxury car and driver.

BUSINESS TOURS AND CHAPERONES

Most of our international programmes come with business tours, learning sets, and presentations by world renowned authorities. For those wanting a little extra, we can also arrange personal chaperone services.

TACKLING CYBER-CRIME AND MONEY LAUNDERING

ABOUT THE PROGRAMME

This programme will provide you with detailed analysis and tools of dealing with cybercrime and money laundering, including case laws, legislation, regulation and best practice from across the world. Whether you are involved in regulation, policy, law enforcement, central banks, financial institutions, corporate or otherwise, issues of fraud, money laundering and corruption are significant in effective performance delivery of your objectives.

TARGET PARTICIPANTS

Director Generals, Executive Directors, Heads of Operations, Corporate Directors, Inspectors, CFOs, Heads of Treasury, Policy Advisers, Chief Compliance Officers, Heads of Risk, General Managers, Debt Managers, Commissioners, Permanent Secretaries, Fraud Managers, Heads of Law, Police Chiefs.

COURSE OUTLINE

Understanding international financial regulation
Dealing with boundary issues and jurisdictional limitations
Fraud Intelligence and organised crime
How to detect, investigate and prevent fraud
Identifying, reporting and recovering the proceeds of crime
Recognising the how, what, where and why of money launderers
Global fraud awareness; detecting and preventing frauds
Tackling employee behavioural issues
Understanding advanced computer forensics
Global anti-money laundering; what the law requires
Recognising insider trading/insider dealing
Money laundering and false accounting
UN research and case studies on money laundering
Role of risk management in prevention and detection

IMPROVING CAPACITY, CONFIDENCE AND PROJECT MANAGEMENT CAPABILITIES IN THE FINANCIAL SECTOR (2 weeks)

ABOUT THE PROGRAMME

A robust, strong and effective financial sector is key to the development of any economy. Developing and emerging economies are particularly in need of strong financial regulation and financial services to boost confidence in their economies. This programme brings together a range of initiatives that helps to strengthen and increase confidence in the financial sector, financial institutions, and capital markets, and to increase the accountability and transparency of regulatory authorities in the supervision of the banking system and capital markets.

TARGET PARTICIPANTS

Director Generals, Executive Directors, Inspectors, Debt Management Officers, CFOs, Heads of Treasury, Policy Advisers, Regulators, Chief Compliance Officers, Heads of Risk, General Managers, Heads of Operations, Corporate Directors, Commissioners and Permanent Secretaries

COURSE OUTLINE

The boom / burst market cycles
Impact of regulatory reform on institutions
Framework for risk based supervisions and proportionate regulations
Key principles in strengthening the regulatory systems
Enhancing the capacity of regulatory authorities in banking supervision
Non-banking supervision and capital market supervision
Stress testing and corporate resilience
Corporate governance
Managing within capital adequacy requirements
Key learning from recent financial crises
Overcoming the challenges of implementing and incorporating capital regulation change
Why good financial institutions can go bad!
Tools and techniques for corporate turnaround
Developing financial models and scenario plans
Risk management and internal audit; providing integrated assurance
